Remuneration:	Negotiable based on experience
Location:	Cape Town, Westlake
Education level:	Degree
Job level:	Junior to Mid
Type:	Full Time Fixed Term Contract
Reference:	#LIDD

Company profile:

EDGE Learning Media is a publishing house that specialises in creating learning media (both printed and digital) for training providers, colleges and private education centres.

Job description:

The company wishes to appoint a Learning Interaction Developer and Designer to develop/design online learning material. The successful candidates must be technologically proficient with previous experience with Rapid Learning Tools like Articulate Storyline being advantageous. Moreover, these candidates will have a strong interest in and responsibility towards education.

Key responsibilities:

- Design and develop digital learning content based on storyboards developed by an instructional designer
- Effect changes to digital learning content based on feedback
- Capture content on various Learning Management Systems
- Design UX for various online learning platforms and digital learning content
- Perform any duties as requested from time-to-time by the Academic Manager or Chief Operating Officer

Requirements:

- Relevant qualification
- Experience in UX design
- Advanced computer knowledge with an affinity for learning new software programs

Advantageous:

- Portfolio of previous design work
- Knowledge/experience with the following:
 - Articulate Storyline or other e-learning authoring tools
 - Adobe Photoshop or other image editing/creation tool
 - Camtasia, Powtoon or other video authoring tool
 - HTML, CSS and Javascript
 - Advanced Microsoft Excel or Google Sheets

Competencies:

Unit 9, Bell House 2, Westlake Business Park, Cape Town, 7945
P O Box 98, Muizenberg, 7950, Cape Town, South Africa
T: 021 702 0686 | F: 086 510 2259 | www.edgelearningmedia.com
E: info@edgelearningmedia.com | accounts@edgelearningmedia.com

- A meticulous approach to work and an eye for detail.
- The ability to maintain high-quality work while meeting tight deadlines.
- The ability to build and maintain good relationships with instructional designers, managers, etc.
- Proactive and self-motivated.
- The ability to prioritise, plan and organise time and tasks efficiently.
- The ability to work both in a team and independently.
- The ability to adapt to changing circumstances at short notice.
- The ability to follow instructions, and receive and apply feedback.

Closing date: 16:30 on Monday, 31 July, 2017
